Q: Fill a matrix with n zeroes and m ones I have a matrix with n rows and m columns. I want to fill it with n zeroes and m ones in the following way: first row: all zeroes second row: first m ones and zeroes third row: same as the first ... (m-2): first m ones and zeroes (m-1): all zeroes This is my approach. However, I do not know how to implement it in R, as I do not know which functions to use. Thanks for any help.

A: We can use row/col arguments in matrix or array mat
