
Eplan Electric P8 2.1 Sp1 Torrent ##TOP##

[Download](#)

EGF does not have a license for EPlan 2.1.6, but it works with EPlan 2.0.X, 1.9.X and 1.8.X. I haven't been able to hack in Win7-64X but this works... I haven't seen it in EPlan 2.X I just tried EPlan 2.1.0-R1 (latest version) and it works! I can build this, but I couldn't find a way to import data from an .xlsx file into an EPlan project. I couldn't find a way to change the EPlan version so that I can import the .xlsx files. The documentation says: If you want to be able to import data from an Excel file, then your version of EPlan must have an import module. I don't have this import module. I can't find a solution
