Pathfinder Roleplaying Game is a tabletop game built on the PFRPG roleplaying game rules, which were developed using the Pathfinder rules system. This is the same system used in the Pathfinder Roleplaying Game Core Rulebook (PFRPGCRB), which appears on the cover of this Ultimate Magic book. FEATURES * Unleash the powers of magick! Now, the path to being a true wielder of both arcane and martial magic is open to every player. Experience the world of Faerun as a more powerful version of yourself. * Learn a New Style: Become a master of both arcane magic and swordplay with the magus. * A New Way to Cast Spells: Words of Power! As a weapon-wielding spellcaster, you can now focus on using both your magical and your martial skills to cast more spells. * New Magickal Options: Arcane spellcasting becomes truly versatile when you can use objects and magical weapons to cast and heal, create and summon creatures, and divine the fates of others. * Additional Feats and Abilities: Advanced spellcasting techniques such as the monks ki tricks and magic-using inquisitors can be combined with the feats of the magus to deliver a wide array of benefits. * New Magical Conditions: The magus is ready to face any threat. All magical effects triggered by the magus are susceptible to being affected by spells and conditions. * New

Monsters, Traps and Options: The magus has the skills to take on any challenge. Learn to summon dragons, animate undead, block attacks, and unleash magical curses and hexes. * Practicality: Use the book to keep track of those options in play, and enter information directly into the game. * Updated Guide: The updated book features a guide to the mechanics of every chapter. Gain all the knowledge and insight you need to make the most of the magus character and its abilities. * Who's the Magus? Description: In the Pathfinder Roleplaying Game, the magus is a class of spellcasting warriors trained in both magical and martial skills. While the core magus features detailed information on building and playing a magus, this book focuses on certain aspects of the magus specifically. What's in This Book? There are eight major sections to this book. They are: • Chapter 1: Introduction • Chapter 2: The Magus and Magic • Chapter 3: Magic Items • Chapter 4: The Magus Class
