Fight Night champions is a extremely popular brawl game from EA, the blueprint for it could be found in the UFC series from the very same company. The ball is in your court, you have to knock out to your opponent, keep away from damage and have an excellent time. When he dropped a 50-45 decision on Smith, it wasn't about anything beyond just winning on Fight of the Night. It was about making himself a hero that night. When he lost his UFC debut to Lamas, a win on the card would have made him a serious champion. Like Mousasi, Nurmagomedov has a case for reigning as fighter of the year. Lightweight champion Rafael dos Anjos broke the fighter of the year award voting down to Nurmagomedov and the aforementioned Poirier. Even after three violent stoppages in succession, Nurmagomedov's incredible heart and tactical awareness in the pocket was enough to secure the number one spot. The first Nurmagomedov win is of course controversial. When the UFC first began running the UFC welterweight championship it wasn't a title fight, just a warm-up to the main event. Scott Coker, the then UFC president, was impressed by Mousasi's mentality and declared the rules from the outset would include the use of elbows. That's all Nurmagomedov needed to hear. She is on the fast track to that goal after winning her first six UFC bouts, the Liaoning native hit a roadblock in her last two fights, as she was stopped by current strawweight champion Carla Esparza and then lost a split decision to fellow contender Marina Rodriguez. Now she needs to right her ship by beating Dern.
