The most complete extant commentary on the Mishkat al-Masabih is the work of Mulla Ali al-Qari. Based on a series of articles by the author in the 1980s on the traditions gathered in his book Al-Fazila al-Kubra (The cubical work), he produced Mirqat al-Mafatih', a comprehensive commentary on the Mishkat. Mirqat al-Mafatih is the most detailed and comprehensive commentary of the major works of Mulla Ali al-Qari. He is a 9th century Indonesian manuscript copied by Sheikh Ahmad Barghash al-Thani, and is currently housed in the University of Oxford's Bodleian Library. Ahmadis have accepted his words as authoritative on a number of topics, but we can't accept his words on the basis of a single collection of these words that has not been preserved over the course of time.
